Leslie-

Many thanks for your thorough review on such a short timeframe. Things are moving more quickly these days with our work with CA now that their plan is out and I really appreciate your support as we try to

[REDACTED]

If David has questions, I will be in touch.

Best,
Alexa

Hi Alexa – Here's a full set of my comments on the AE presentation. Not sure I caught everything given the time constraint, but hopefully these are helpful. I will be working at home on Friday until 4:30 pm eastern time. Please feel free to call before then at [REDACTED]

Here is the proposed presentation from DOGGR as of last Thursday. They are revising it and we expect that we'll get a new version maybe tomorrow.

Subject: Aquifer Exemption Workshops

David and Scott:

Please find attached a draft PowerPoint presentation for the Aquifer Exemption workshops. I am still working on the slides, as they are too wordy. My plan is to cut this down, but place a more detailed document on our website after the first workshop. There is a lot of information to get out to folks, and using PowerPoint alone will not cut it. I'm sending this your way so that you have an idea of where I was headed. My thought is that we would conduct the workshop by providing the audience with information regarding the different agencies in the order the data/application will be processed. Even though there is information each of your organizations will be addressing, I will cover what the Division will be looking at. I am planning on holding off questions regarding the specific details until the different agencies have an opportunity to explain in more detail their requirements. All this is flexible and I hope this can be a starting point to our discussions tomorrow.

Thanks,

Rob
